Aups

The app is  
available !

Télécharger dans  
l'App Store

DISPONIBLE SUR  
Google Play

## How it works

- 1 The passenger goes to the Covoit'ici stop and ask for his destination  
For free (EU members) with a text message or by calling the phone assistance
- 2 Drivers see the request on the light sign or on the app
- 3 A driver stops and validates the passenger's code by a text message or on the app : the carpoolers are identified
- 4 They share the ride to their destination
